

Dominator Bentgrass Blend

- Superior putting surface
- High poa annua resistance
- Great summer performance
- Reduced pesticides
- Cool season active growth
- Low light performance

Dominator is a certified greens-quality blend of two top performing creeping bentgrass varieties, 007 and Tye, selected for superior green and tee quality. Whether establishing a new green, repairing damage or introducing new genetics Dominator is the superior blend to use for high quality greens and tees.

USES: Golf greens, tees, fairways

IDENTIFICATION: Pointed tip leaf, flat and smooth in appearance. Lighter to very dark green color, vertical growth habit, dense growth habit, tolerates very low mowing.

ESTABLISHMENT: Quick germination, aggressive to medium-aggressive growth habit, vertical growth habit without tendency to thatch. Good spring green-up, color retention and wear tolerance. High maintenance, quality turfgrass.
