

FORAGE FIRST®

BLM #4 Pasture Mix

- **Very versatile mix that establishes quickly**
- **Endophyte-free tall fescue extends productivity into the hot, dry summer months**
- **Kentucky bluegrass provides sod-forming capability to help maintain a healthy stand**

BLM #4 Pasture Mix is a quick starting mix for use around farm buildings, drylots and pastures. This mix produces quality forage and will hold up well under heavy traffic.

- **Includes CrosseCoat™** - an elite platform of proven seed coating and treatments to enhance germination, establishment and survival

FORAGE FIRST® FACTOR: We provide a diverse set of mixes to produce high quality forage for your unique operation. Our versatile pasture mix portfolio offers a variety of proven products to fit any need, created with flexibility and ease of management in mind.

All Forage First® pasture mixes contain top performing forage varieties for improved yield, higher nutritional value, increased stand life and grazing tolerance, excellent regrowth and more.
