

FORAGE FIRST®

Beef Pasture Mix

- Superior yield
- Excellent drought tolerance & winter hardiness
- High protein for maximum daily gain
- Strong persistence and regrowth that withstands grazing pressure

Beef Pasture aims to enhance animal digestability and performance. It offers an optimal mix of high quality products to provide increased palatability.

- **Includes CrosseCoat™** - an elite platform of proven seed coating and treatments to enhance germination, establishment and survival

FORAGE FIRST® FACTOR: We provide a diverse set of mixes to produce high quality forage for your unique operation. Our versatile pasture mix portfolio offers a variety of proven products to fit any need, created with flexibility and ease of management in mind.

All Forage First® pasture mixes contain top performing forage varieties for improved yield, higher nutritional value, increased stand life and grazing tolerance, excellent regrowth and more.
